

LYCEE ENGLISH TEACHER RECOMMENDATION

Name of candidate: _____ Current grade/class level: _____

Candidate's current school: _____

PLEASE READ BEFORE COMPLETING THIS FORM:

The student whose name appears above is a candidate for admission to the above International Section, which is integrated into a French public school. Bilingual education asks a great deal of a child. Candidates should demonstrate solid academic potential and emotional stability as well as the ability to concentrate, organise their work and study independently. The school day is long (often from 8 am to 5:30 pm), and children work in French, except for four hours of English Language and Literature and two hours of History-Geography, which increases to four hours in Première and Terminale, taught in the International Section. There is considerable homework in both languages.

Your comments will be helpful in deciding if this programme is a good match for him/her. If English is not their mother tongue, pupils entering 3e should have a solid B2 level. Pupils in 3e and Seconde will be preparing IGCSE exams, and pupils in Première and Terminale will be preparing the OIB (French Baccalaureat, International Option), which is equivalent to A-level (UK) or AP (US) exams.
