

Primary Voice 2015

The Magazine Of the International Section's Primary programme

EDITORIAL

Enjoy this 2014/2015 edition of the 'Primary Voice' with a selection of work from each class and photos of various events which happened during the school year.

Numbers: Integrated programme a total of 22 students. Wednesday programme a total of 50 students.

This year was the first year when we welcomed **external students** into the integrated programme. There were only three external students this past year, but we hope this opening will help to increase class sizes and give families more flexibility in the future.

Thank you to all parents who supported our school library by ordering books from the

Baker Book's catalogue. This has enabled us to choose around 200€ worth of new library books! The integrated library is also now looking more welcoming with new cushions and carpet.

The Christmas show this year was a great success with all the classes coming together to perform a pantomime: 'Christmas in Fairyland'. The various scenes included, The Gingerbread Man, Goldilocks and the Three Bears, Cinderella, Snow White and the Seven Dwarfs, snow angels and forest animals, all travelling to 'Sparkle Forest' to see Santa and to enjoy the party the fairies and Santa's elves were preparing for Christmas. The evening was followed with a buffet and chat between parents and staff completing the first term in a joyous spirit!

THE CM2 LONDON TRIP : THE MUSICAL MATILDA

Saturday 7th March, my class and I went to London to see Matilda. We were all the way at the top of the theatre, (really bad seats!) The scenery changing was really good, while we were concentrating on one character, the other people put the chairs, the board etc... into place. The principle characters were Matilda, Miss Honey, Miss Trunchball and the librarian. Matilda in the story has magical powers, she can move things, tell stories that are fake, but they were actually real!

The day was good, but tiring because of all the walking.

Written by Nicolas Burns

It was EXCELLENT! I loved it. The best bit was when we went to see Matilda. The music was wonderful, the tricks were amazing and the actors were very good! We also went to the museum. It was called The National Portrait Gallery. I saw beautiful paintings, it was so pretty. We took lots of photos then we went to Trafalgar Square where we ate our lunch. It was a very sunny day and there were lots of people! So to recognize our group easily we all wore red caps.

It was a very good idea. At the end we went to shops, we were tired but it was okay. Then we went back on the train and it was the end!

Everyone was sad. *Written by Candice Agrapart*

Our SPRING – EASTER BONNET competition took place in the Spring term, for the Wednesday programme students. They produced some creative and original bonnets creating a colourful parade. The winners from all classes were:

SUMMER WORK: a reminder that every student will have a summer assignment with reading to complete. This work is important to keep each student working on their English and to be ready for the beginning of the new school year. All information can be found on our website: www.sectioninternationale.org

Lessons start: Integrated classes at L. Pasteur primary school: the week starting August 31st 2015. Wednesday programme : 9th September, 2015 at P. & M. Curie primary school. All the staff wish you a happy, safe and fun summer with family and friends!

Many thanks to all you parents who have volunteered to create this magazine and to your work over the year at the various events. **A very BIG THANK YOU to Carole Le Floc'h** who will be leaving the Primary programme for all her dedicated work in supporting the teachers and representing the parents over many years. We will miss her smile, happy nature and conscientious work. Volunteer parents are always welcome and essential for the school to function, so please do feel free to make yourself know to either the teachers or members of the committee

Grande Section

Each year I have the pleasure of welcoming very young students to the Wednesday classes. It has been a great year and they have made so much progress. They are participating wonderfully and their enthusiasm is a real joy for a teacher. We have worked on seasons, hibernation, fairy tales and our latest project with spring, is frogs, birds and nests. Of course I cannot forget our Christmas Pantomime. They were brilliant.

Charlie

Julia

A great class. Despite the fact that they only see each other once a week, they have built up real friendships and they work together generously. A very rewarding year for a teacher. We have worked up to independent writing with their news. Keep the hard work up in CE1. I'm going to miss them all.

In CE1 we wrote letters to authors to tell them why we enjoyed their books.

Dear **Mrs Cohen,**

My name is Oriane and I am 7 years old. I love reading books and writing stories. I really enjoy funny books and that is why I love "Tom and Lili". I love funny books because they all make me laugh. I also like the drawings because they are very very colourful. The characters are funny and very silly. How do you come up with all these great ideas? Do you like drawing and writing? It was a great story!
Yours Sincerely, **Oriane.**

Dear **Kiki Thorpe,**

I really liked you books because they're exciting fun to read and funny. My favourite characters are **Kate and Gabby**. I liked bingo and my favourite fairy is fawn. When I was little I always wanted to fly. I really like **Jano Christys illustration** especially on page 77. The picture shows that Mia, Lainey and Gaby know how to fly and Kate doesn't know how to fly.
Yours Sincerely, **Kitty Hart – Da Silva**

Dear **Rebecca Janni,**

I need you to know that "Every Cowgirl Needs A Horse" is my favourite book. I love it because its funny and sparkly. I have the same pink hat and I would like a horse for my birthday too. My favourite part is when she catch a little boy with her lasso. I love writing little book like you. My dream is to be a cowgirl. Thank you for the story. Big Kisses,
Alix.

Dear **Mary Pope – Osborne,**

My name is Balthazar. I am 8 years old. I go to school but I prefer to play lego and I hate homework. I am reading your book "Vacation under the volcano". I like your book very much. Thank you for writing it.
Sincerely, **Balthazar.**

Dear **Mary Pope - Osborne,**

My name is Tristan. I am 7 years old. I love this book because I like adventure and it was funny. The viking adventure taught me new things I didnt know about vikings. I also like writing books. I hope you keep writing fun stories for me to read.
Kind Regards,
Tristan.

Dear **Mr Grimm,**

My name is Hortense. I am 7 years old. I am writing to you to tell you how much I have loved your book "Elves and the Shoemaker". I liked the story and the characters in particular the two little elves. I also liked the pictures illustrating the story. I hope I will read another story from you very soon. Yours sincerely,
Hortense Lapie

Cute Bunny was **alone** and had no friends. But one day he found a little duck that was also all by himself. The duck was very unhappy and cried alot. The duck **smiled** and kissed the cute bunny on the cheek. The duck and Bunny were friends for the rest of their lifes and **they were never alone again.**
Ines

It was a spring day and all the rabbits went to an easter party. After the party all the rabbits went to a treasure hunt in Lucy garden. Lucy is the girl who had adopted Flower the rabbit. Lucy said "Go!" and all the rabbits went to find the eggs. All the rabbits had found **10 eggs except Flower.** She was very sad. So Lucky said "Do not cry Flower, I will give you plenty of eggs". And now Flower always find **100 eggs every easter.** The End.
Celeste

A long time ago, there was a bunny called Mickel. He lived alone under ground. He found lots of eggs and put them in his basket. One day he went out of his home and went above ground. There were eggs hidden in the garden. He found lots of eggs and put them in his basket. Mickel the bunny was kind and instead of being greedy, he gave the chocolate eggs to everyone. Everyone he knew got an chocolate egg that day. That day was easter. From that day on he became the easter Rabbit. The End.
Augustin

The rabbit is called Blanky. He has white hair with pink ears and brown spots on his back. The child said "thankyou" and smiled. The dad of the family was called Gaffer. The mum of the family was called Fili. This family had a big house with lots of children. Blanky the rabbit gave an egg to everyone in the family. He was a very kind rabbit.
Daniel

The easter bunny is called James. His favourite time of the year is Easter, because he loves looking for eggs. He carries a basket where he collects his eggs. James the rabbit also loves ducks. He is big like a whale but is a fine bunny and he eats chocolate every day. He also like his spots on his body. He has blue and grey spots all over his body. He loves looking for eggs. He carries a basket where he collects his eggs. James the rabbit also loves ducks. He is big like a whale but is a fine bunny and he eats chocolate every day.
Nathaniel

We used our **imagination** at **Easter** and **wrote creative stories** about the **Easter Bunny!**

CE2 Wednesday Group

The Wednesday CE2 group have been writing stories, poems and giving presentations this year. Here are some extracts of their work!

Extract from a new version of Little Red Riding Hood...

Once upon a time Little Red Riding Hood's mum asked her to take some jewels to her grandma's house. When she got through the woods, she saw the flower fairy and gave her some of the jewels.

Then, the wind fairy came and started talking to her. When Little Red Riding Hood was busy talking to the flower fairy, the wind fairy rushed to her grandma's house. She wanted to blow away Little Red Riding Hood and her grandma to

Australia!
Anahita Arcot

Animal adventure

I have been turned into a dog for one day. I woke up in the forest, I was hungry. I looked and I saw a lovely house. I wanted to eat so I went into the house by the window but a grandmother with a rolling pin chased me! So I decided to go into the house by the chimney but the fire burnt me!

So I went into the house by the door and I discovered there was no food there! I returned to the forest, very sad. Suddenly I saw a big, black castle with a festival. In the big room was a huge table with lots of food. Suddenly a guard saw me and gave me a lot of food. When I had finished eating I went back to the forest with a big smile.

Augustin Julien

CE2 Wednesday Group

Autumn Leaf Poem A
brown-red
leaf whooshes
down like a lovely bird.
A crispy leaf
swirls down like
a velvety bird.
An orange leaf
floats down like
a tumbling bird.
Audrey Da Silva

The Rhinoceros
Two little eyes,
One big body.
Four fat legs.
Eating, attacking,
fighting.
Grumpy and angry.
As angry as a lion.
Big, cross rhino.
By Callum Thomson

Seasonal Poems

Springtime is spectacular,
Springtime is,
a joking season,
Springtime is,
a sunny season,
Springtime is,
an Easter season,
Springtime is,
a season when
plants grow,
Springtime is,
an insect season.
Nachiket Arcot

Audrey Hart-Da Silva

Animal Poetry

The Leopard
One long tail.
Four thick legs.
Two tiny ears.
Roaming, hiding, jumping.
Elegant and smart.
Like a gentleman.
Wisest of them all.
By Aude Michel

The CE2 Integrated class have been exploring different styles of creative writing. Here is a selection of their imaginative work.

Animal poem

The Gazelle

Two curling antlers, Four springing legs, Two attentive eyes,
Speeding, Jumping, Turning, Quiet, Careful, Like a flash of lightning,
Elegant beast.

Amelie Regnard

Amazing animal adjective poetry

Pretty pandas climbing in the gigantic trees. Ticklish tigers burst out laughing on the grass. Bossy bears commanding the forest animals all day. Scary snakes hissing in the hot sand.

Chloe Pinkowski

Angry alligators hungry for their dinner. Brown bears searching for the winner. Creepy crocodiles tip-toed into the pond. Dizzy ducks snoozing in the sun.

Sixtine Delahodde

Crazy, creepy crocodiles having a bath. Oxford otters reading a book in the sea. Funny foxes climbing in the trees. Useful umbrella birds protecting all the animals.

Alice De Goullard D'Arsay

My Spring acrostic poem

Flying bees drink their nectar
Life cycle is amazing
Oh my gosh, the flowers smell so good
We all smell them and admire them
Easter time hunting for colourful eggs
Rolling and running in the beautiful green grass
Sun is here for us very often.

Chloe Pinkowski

Sunny garden with lots of leaves
Pretty poppies dominating other flowers
Running rivers coming into the sea
Itchy spikes on beautiful flowers
Naturally nature, fresh, green grass
Gardener gardening my garden with green grass.

Hussain Mackwani

Autumn leaf poems

A light leaf, swirling down like a golden kite.
A beautiful leaf, flying down like a gentle fairy.
A fluffy leaf, twirling down like a cuddly teddy bear.

Amelie Regnard

A golden, soft leaf swirls down like a soft feather.
A red, crunchy leaf twirls down like a cuddly bird.
A yellow, kind leaf spins down like a friendly butterfly.

Sixtine Delahodde

Winter

Winter for me is about not going to school, playing snow fights, going on a sleigh, making snowmen, watching snowflakes coming down from the sky, keeping warm inside, hot chocolate would be nice, reading a book in front of the fire, eating hot meals, snuggling up in beds, walking in the snow and the best, having cuddles with my mum!

Amelie Regnard

An invention for the future

My vehicle is a scooter which flies. I would go over the sea to see my cousins in America. My scooter is pretty, shiny, gorgeous and speedy. It doesn't need petrol at all. It has wings!!

Alice De Goullard D'Arsay

The day I met a giant

It was a lovely sunny day, I was jolly and delighted. I went for a run and a skip in the woods. Then I met a giant. He was gigantic. I was afraid so I decided to dash and find a place to hide. I scaled a tree. The giant jumped closer. He noticed me. "Found you!" he shouted, " Now it's my turn to play hide and seek!"

Hussain Mackwani

CM1 Wednesday Programme

What Do I do?
 What do I do ?
 What do I do ?
 I just stepped in
 some goo
 With my pretty new
 shoe!!
 I hope it won't
 happen to you
 Whether it be one
 shoe,
 Or two!
 What do I do?
 What do I do?
Tessa Jonville

What Do I Do?
 What do I do?
 What do I do,
 I never do my
 homework
 I have a pile of work.
 I will never get it
 finished
 But I do not want to
 be punished.
 What do I do?
 What do I do?
Emma Glogowski

The CM1 Wednesday students have worked throughout the year on writing poems mainly inspired by those of Shel Silverstein.

Whatif ?
 Last night while I lay thinking here,
 Some Whatifs crawled inside my ear,
 And pranced and partied all night long
 And sang their same old Whatif song.

Whatif I fall and break my nose?
 Whatif I trip and lose my toes?
 Whatif there's water in my bag?
 Whatif the school lunch makes me gag?
 Whatif I eat a carrot and turn green?
 Whatif my teacher starts to scream?
 Whatif my rabbit died?
 Whatif my friend lied?
 Whatif I get sick?
 Whatif my family goes too quick?
 Everything seems swell, and then
 The nighttime Whatifs strike again?

Julie Batiot

What Do I Do?
 What do I do?
 What do I do?
 I go to school
 I break the rules
 I know I lie
 When I say
 I don't like pie
 What do I do?
 What do I do?
Clementine Derenne

Whatif ?
 Last night, while I lay thinking here,
 Some Whatifs crawled inside my ear
 And pranced and partied all night long
 And sang their same old song.

Whatif all the school got sick?
 Whatif I'm not picked?
 Whatif I don't get good marks at
 school?
 Whatif I look like a fool?
 Whatif all the kids are gone?
 Whatif my family left me alone?
 Whatif my house gets really small?
 Whatif I become too tall?
 Whatif the cows bite?
 Whatif the dogs get my kite?
 Everything seems swell, and then
 The nighttime Whatifs strike again.

Camille Batiot

CM1

Wednesday Programme

All students have worked hard to use adjectives and words to convey a message through the use of wit.

Christmas is the best

Happy Christmas
Riding on a sledge
Icy, glittering snow
Sleighting over the ground
Thin snowflakes falling
Many, many snowflakes
Always Christmas in my heart
Sleighting over the snow is best.

Telma Dickinson

Thanksgiving

Thank you for my two dogs
Thank you for jumping frogs
Thank you for receiving gifts
Thank you for hopping on cliffs
Thank you for my room
Thank you for the flowers that bloom
Thank you for the end of school
So that I can jump into a swimming pool.
Happy Thanksgiving to all.
Hopefully in a few months, I will grow tall!

Oskar Chapuy de Montal

Christmas, You are beautiful.

Happy moments
Ripping off the wrapping.
I am happy
Smiling all day.
To everyone
Merry Christmas.
And socks under the tree
Sweets inside, meant to eat!

Hortense Aubry

The Cm1 Wednesday and Integrated students have worked throughout the year on writing poems mainly inspired by those of Shel Silverstein. They have tried to use adjectives and words to convey a message through the use of wit.

CM1 Integrated class

CM2 WEDNESDAY

The Iron Man ate metal to survive and was given by the townspeople the scrap – metal yard to keep him contented. Ted Hughes uses descriptive language to describe how the Iron Man eats his metal food.

The CM2 Wednesday students have invented some scrumptious metallic menus especially for the Iron Man!

Starter

Copper salad with squashed cans

Main Course

Toasted wires with oil ketchup

Dessert

Melted car icing with kneaded bullets

By Alexandra Morel

Starter

*Chilled rusted nuts and bolt
Aluminum and copper soup*

Main Course

*Barbecued pens, Grilled ball bearings
served with mashed silverware*

Dessert

*Bicycle wheel cupcakes
with melted Fire hydrant icing and
hot creamed oil or radiators*

All served with Oil of the Month

Diesel or Fuel

By Clarisse Roche

CM2 Integrated Class (with Wazeen missing)

CM2 Wednesday Class (with Jake missing !)

Starter

Aluminum salad

served with oil sauce

Main Course

Squashed wheel pizza

Barbed wire spaghetti

*Melted, roasted iron with T.V. pieces
Sprinkled with pens, pins, knives,
forks and spoons.*

Dessert

Sponge cake cars

Baked nuts with chilled cogs

By Jake Frappat

Starter

Pizza wheels covered with nails and

bolts sprinkled with bullet pepper

Main Course

Metal wired pasta, with barbecued

shredded doors.

*Microwave soup with sprinkled grains
of can.*

Dessert

*Melted sugared tanks with profiterole
tractor wheels*

Handle tiramisu with whipped T.V.

By Clovis Le Floc'h

POEMS

Poems created after reading various poems and discussing ordinary everyday objects. What can we use them for ? With a humorous twist !

A KNIFE

It's not very reliable
In a battle
Take off the dirt
After your work
Dipped in caramel sauce
To give you force
Cut an enormous cake
To keep you awake !

By Gaspard Julien

A RULER

You can stir your coffee or your tea
You can underline letters like E
You can measure things like lines
You can dig a hole next to a pine,
You can squash spiders,
You can cut a cake from the bakers,
You can throw it, you can catch it,
You can flip it, you can bend it,
You can twist it, you can.....
Well, I don't really know,
So I guess I have to go !

By Charlotte Vais & Clarisse Roche

What to do at school, during a boring lesson, with a book !

When your teacher is looking your way pretend that you are reading and studying the book,
But when the teacher is not looking your way, that is when the fun begins!

First: rip a page from your book and make a paper plane, or if your neighbor thinks it's too lame,
Well just hit him with your book !

If, however, your neighbor has fainted, well just hide his head with the book, before the teacher sees you!

Secondly: rip a tiny piece of paper from your book, then write a message to your friends, talking about
when the lesson ends. But if your teacher finds out what you are talking about, well...we would have
warned you !

Thirdly: make a paper fan by folding a piece of paper from the book, if you are very hot.

And if the teacher sees you just fan yourself a lot !!

By Ellie Heslon & Jezabel Droga

CM2 Integrated

'THE IRON MAN', by Ted Hughes

A classic story, sometimes referred to as a modern fairy tale, where by an Iron man, a boy called Hogarth and a creature called a 'Space Bat Angel Dragon' eventually turn a possible world disaster into a worldwide lasting peace.

The integrated students were asked to create their own 'Space-Being': describing the appearance and mission of the creature, once arriving on Earth.

She came slowly down to us flying in the air. She wore a white handmade dress and had long black hair. She was beautiful! But her teeth, they looked weird. I think I was the only one to see that, but maybe it was nothing much. Once she arrived on land, she opened her eyes, they were blue like the sky. But then her teeth grew bigger and bigger, then her eyes turned RED ! Everybody started to back up. Then she came faster towards us. "Everybody run !" shouted my dad.

We went home running. I was terrified! My mom closed all the doors and hid the windows, but then we heard somebody knock. We looked it was Jessica our neighbor, it was her voice and it was exactly her. She said, " I need to come in, I have lost my house key."

We opened for her, but as soon as we closed the door she became... the vampire, angel thing. We screamed, but she tried to keep us calm.

She said, " Please calm down, I only want a house. My planet Venus, exploded! "

A few months later she was like an ordinary girl, with a house, friends and a job, here on Earth!

By Sophie Drewitt

This cruel creature has a lot to describe. A live tail and ragged wings, scratches and scars, eight snake headed fingers on its beak. It has paws, a giant squid as a middle paw and a curvy sided pickaxe as a front paw. Three heads. The first one spits a jet of water, its tongue sprouts a beanstalk and its third tongue spews out clouds and wind. A blowhole behind its wings throws fire.

It came swimming or walking or flying. As big as the sun. Silent by gliding through the Universe chewing on nebulae. When it saw the Earth, a small speck of dust among planets, among galaxies. BUT he recognized it!

He came, quickly. Covering the sun and moon but giving off its own light. It wanted the Earth as an eye. We were all scared. Half the people on Earth would be squashed and the other half would be a single eye.

Luckily we knew planets like Earth and managed to persuade the cruel creature to eat those instead !

By Wazeen Karkachi

The space being, Chimera Malabr, has two heads: one of a lion, one of a goat. Its front legs are lion's legs, the rest of the body is the body of a goat. It also has two tails: a dragon's tail and a snake's tail. It has two wings which are terribly horned. The goat head can only speak, while the lion can only breathe fire. As for the snake tail, well it only does its snake's business !

Malabr arrived on Earth by flying from its planet, Oxtaror. It wanted to go on Earth to drink all the lava from the volcanoes. The Earth people considered him as a good friend because they didn't have to worry about volcanoes erupting. It needed the lava so the lion head could breathe fire to defend Oxtwar.

By Lily Caprioli

My space being is called the Brown Invader. He is tall and not very fat, his skin is brown because he has never taken a shower. He has pointy ears and teeth and he has a big nose to smile at his enemies. On his cheek he has a scar. He doesn't have fingers, but worms instead. Finally one of his legs is smaller than the other. He wears a green T-shirt which is ripped and a pair of big black shoes.

The Brown Invader comes from the invisible planet. He arrived on Earth by a flying car. He landed in Paris just in front of the Eiffel Tower. He came on Earth to be the king of the world, because he was excluded from the Invisible Planet. The people are very scared, some of them are hiding in their houses since they are scared of the Brown Invader, and others are braver and try to fight him. They hope and think he will not stay for long!

By Eugenie Lapie

My creature looks evil but it is not! She is a girl, she has a beautiful, melodious voice and a discrete stare. She is very strange because she has bat wings that are detachable because they are too big. Also she has a cat's tail, teeth, ears and eyes. She has claws, but on her hands she can remove them. Her lips are as red as blood and her hair is as black as coal. She is sized like a human girl of sixteen years old and she is immortal. Her wings are as graceful as a swan. She comes on Earth to help poor and sick people. Somehow, an evil force is in her and sometimes this dark force controls her. Her arrival on Earth was most spectacular.

The problem is that some people are jealous of her and of her power and a lot are plotting to get her. She is really powerful and with the help of two orphans, she will find a key that is kept in the middle of the Earth, (in the sea) that will help her dominate her evil force.

By Juliette Jan

This creature is terribly thin, terribly long and terribly dark! He is scaly, so terrifying and so big! He is incredibly hot, incredibly fiery and incredibly scary! He has fiery teeth, and fiery eyes and his whole body is made out of coal! It's a space fire snake who came from the sun to burn everything ! When it landed, everybody ran and screamed. The S.W.A.T. team, the air force and military men attacked. Yet all their equipment melted before even hitting it. Then everyone ran to a boat and sailed away. Everybody was teasing it, hoping it would come into the sea. It then became careless and slithered on after them. But then his whole body was extinguished and it died a stupid way!

By Arthur de Goullard d'Arsay

When I looked in a telescope at Saturn this night, it was moving! The planet was moving ! I told my parents but they didn't believe me and said I was just tired. The next morning I wanted to take some orange juice, but when I opened it a big genie jumped out of the bottle. It had orange ears, a pointed nose (like Pinocchio), a T-shirt written BAM on it (I thought this was his name), and at the back there were wings of a fairy. Then he started to explain to me how he had come here. He lived on the planet Saturn and he wanted to see what was going on in other planets of the Universe. When he arrived yesterday night here, he arrived with his wings, beside my house, so he looked around and saw the orange juice bottle and he thought he could hide there. When it was time to go to school, I said to him to hide in my cupboard. But when I came back from school my dad was in the kitchen and I heard some "ouch" or "stop it, please!" and I knew my dad had seen him. I didn't feel well when I opened the door of the kitchen. My dad explained to me how he had found that "thing" in the kitchen taking wooden spoons, pans and frying pans. The "thing", Bam, explained he wanted to take human instruments back to Saturn!

He said goodbye and flew back to Saturn with our pans, wooden spoons and frying pans. I felt happy, but sad too; he was a good genie.

By Helene Albert le Brun

Something grey, round, big and red arrived on Earth. It was as big as a house, red like molten metal, as round as a plate and as grey as metal. It was so scary, but it was good it didn't want to hurt anybody.

It arrived on Earth like a big house which was falling from nowhere, everyone was scared. They thought it was a planet which was falling on them so they were terrified. The space being just wanted to protect Earth from other space beings, and Mars people, and robots vampires, etc.. They reacted nicely because it wanted to protect them from the other evil space beings.

After that the Earth was in peace and every violent

thing, like war, stopped.

By Sam Fleurence
